

Irene-Wakonda School District  
1:1 Laptop Program  
Parent Agreement

Students have agreed that the purpose of technology provided by the school is to enhance their learning. Students also agreed to follow their home rules for technology when they are in and out of school. Students are required to transport their laptop and charger in the protective case provided by the school, and to keep track of their device at all times.

**Parent/guardian rules and responsibilities for Irene-Wakonda's 1:1 laptop program:**

- I understand my child's device is the property of Irene-Wakonda School District, and is intended for my child's use only.
- I understand the school will control or filter content/the Internet when my child is not at school, and that no matter how good content filtering software I am responsible for how my child is using their laptop outside of school.
- I understand that if my child violates any of the provisions set forth by the Irene-Wakonda School Districts Acceptable Use Policy, he/she will lose access to his/her device (or permission to bring it home) until he/she has worked with all involved to fix the problem. Other disciplinary measures may also be taken if the Acceptable Use Policy is violated.
- **I will be responsible for the total cost to repair damages to the laptop that result from abuse or neglect.** The average cost of replacing a laptop touch screen is around \$100.
- I, or my child, will notify the school as soon as possible in the event of theft or damage.
- I, or my child, will notify a teacher or school administrator of any technical problems with the device, or if these rules have been violated.
- I, or my child, will return the laptop immediately if we move to another school district or if my child withdraws from the school. I understand that failure to do so will result in a bill for the replacement of the device and accessories (\$350).

I have read these rules and responsibilities, and agree to follow them.
