

2026–2027 Student-Athlete Registration Now Open

The Irene-Wakonda School District is excited to announce that student-athlete registration for the 2026–2027 school year is now open!

All students planning to participate in athletics during the upcoming school year should complete their registration through Bound as soon as possible.

Please use the following Bound help guide to walk you through the registration process:

<https://intercom.help/boundhq/en/articles/7934242-register-a-student-for-an-activity-web-browser>

Or follow along with this video : https://youtu.be/_PAE9eVmdus

Important: If your student-athlete has previously been registered in Bound, please choose "Search for Student-Athlete" rather than "Add Athlete." This will help prevent duplicate athlete profiles from being created. If you are unable to find your student-athlete using the search feature, then proceed with "Add New Athlete."

In addition to registering your student-athlete, all required athletic forms **must be completed** before your student is **eligible to participate**. These include:

- **Yearly Physical Form**
- **Consent to Participate Form**
- **HIPAA Authorization Form**
- **Medical Consent Form**
- **Concussion Protocol/Acknowledgement Form**

Please ensure that all required forms are completed, signed, and physically turned in as soon as possible to avoid any delays in athletic participation.

If you experience any issues during registration or have questions, please do not hesitate to contact:

Josh Arlt
Activities Director
Josh.Arlt@k12.sd.us

We look forward to another great year of Eagles athletics!
